European Forum for Electronic Components and Systems (EFECS) 2019- 19-21.11.2019

The annual EFECS International Forum, co-organized by AENEAS, ARTEMIS-IA, EPoS, the ECSEL Joint Undertaking, and the European Commission, together with EUREKA, took place in 2019. In Helsinki, Finland. To ensure effective visual participation in the event, NewControl partners performed excellently to organize a large joint project booth in conjunction with related AutoDrive, PRYSTINE and AI4DI projects under the umbrella of Lighthouse Mobility E-initiative. A sizeable collaborative project stand with posters and videos, organized as a great collaboration between the project partners in disseminating the project.

EFECS is the international forum with a focus on ‘Our Digital Future’ along the Electronic Components and Systems value chain in Europe. It was a very successful event with numerous opportunities to learn more about the latest developments, cooperation and funding possibilities in the ECS Community.

Upcoming Events

- 23.06.2020** 1st Project Review
- 24.06.2020** ECSEL JU Symposium (Virtual event)
- 27-30.07.2020** Automated Vehicles Symposium Hilton San Diego Bayfront San Diego, CA
- 1-2.09.2020** 13. Graz Symposium Virtual Vehicle (GSVF) Seifenfabrik, Graz, Austria
- 3-6.09.2020** The 32nd IEEE International Symposium on Power Semiconductor Devices and ICs (ISPSD) TBD
- 22-24.09.2020** European Research and Innovation Days Brussels Belgium
- 7-9.04.2021** Industry Strategy Symposium Europe (ISS Europe) TBD
